## WORK EXPERIENCE

### Concise Systems

*Software Developer / Consultant*, February 2014 - June 2016

A software consultancy based in Tallinn, Estonia.

▸ Worked on a parking app/platform which serves over 1 million customers in 9 countries.
▸ My area of responsibility was implementing back-end services for customers and internal users using JVM technologies.
▸ Helped move a monolithic application to a more microservices oriented architecture

### Fugu

*Software Developer / Consultant*, September 2013 - Present

Personal company for freelance projects.

▸ Web development and consulting

### Yep

*Software Developer & Partner*, June 2012 - November 2013

A startup (no longer active) founded by me and a few friends which worked on a SaaS product and did consulting.

▸ Worked on an NFC tag management platform which we presented in Mobile World Congress 2013
▸ Web development and consulting for clients
▸ Worked with in car entertainment systems

### Estonian Information Technology College

*Lecturer*, September 2012 - February 2013

Privately owned university of applied sciences based in Tallinn, Estonia.

▸ Taught a course on Java web application development
▸ Topics covered: Java Servlet API, Java JPA, Spring MVC, Spring Security, Vaadin, Javascript

### Ericsson

*Software Developer / Intern*, January 2011 - June 2011

Ericsson is a Swedish multinational networking and telecommunications equipment and services company headquartered in Stockholm, Sweden.

▸ Working in a research project which was part of the Stockholm Royal Seaport program
▸ The work was part of my BSc thesis
▸ The subject of the research was to find and implement possible ways to interface a hybrid mobile app with a smart card inserted to smartphones SD card slot.

### Nortal

*Java Developer*, June 2010 - September 2013

Nortal is one of the largest software development companies in the Baltic states, operating in European, Middle-Eastern and African markets.

- ▸ Implemented unique software solutions for Estonia's Government institutions and other public sector organizations
- ▸ Projects I was involved with: Information System for the Estonia's National Budget, European Union Structural Assistance to Estonia, Information System for Estonia's Private Forest Center Foundation, Population and Housing Census 2011

## EDUCATION
